

BlueDiamond®

condensate removal pumps

MegaBlue®

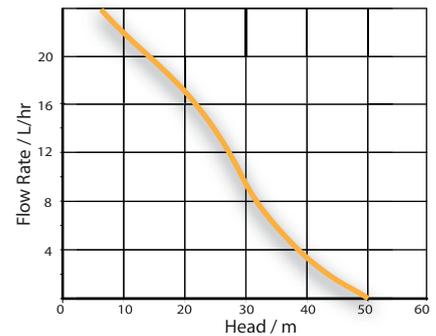

The MegaBlue® has a slimline, lightweight design and is whisper quiet, it also has the performance to overcome installation difficulties and uses the BlueDiamond® revolutionary patented principle, making it inherently reliable. With the MegaBlue® there's no cost penalty up front but big savings on installation and in service beyond.

3 year
warranty

Performance

Max flow	Max head	Max suction lift
50 litres/hour	20 metres	7metres

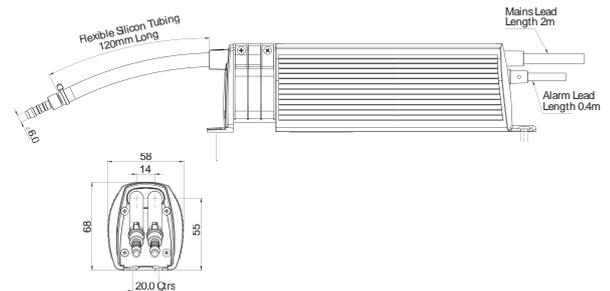

Sensing Options

MegaBlue® pump available with one of the following options:

Reservoir sensor	Temperature sensor	DrianStik®
C21-008	S12-002	S12-004
		

Dimensions (mm)

BlueDiamond® technology

Not only is the MegaBlue® backed by a three year warranty, it also uses the BlueDiamond® patented rotary diaphragm technology. The condensate is drawn into the pump by vacuum and mechanically driven within a re-inforced elastomer diaphragm to the outlet under pressure. This system even tolerates suspended solids and light slurries whilst happily running dry.

Installation Options

The MegaBlue® can be mounted in any orientation up to 7m away from the air conditioning unit.
